DESCRIPTION

The second Jean Monnet Workshop of the interfaculty and interdisciplinary Institute for European Studies of Ivane Javakhishvili Tbilisi State University aims to provide its academic and administrative staff with the insights on the newest accreditation standards. In close collaboration with TSU central and faculty quality assurance offices the existing regulations, recommendations and the practical experiences will be shared during the meeting. There

will also be thematic discussions offered during the workshop and possibilities for academic personnel to attend the individual consultation meetings.

The event will be dedicated to the celebrations of the Europe Day and the 7th anniversary since the EU-Georgia Association Agreement.

Building of the new Bachelor's programme coincided with the fourth mandatory re-accreditation period of the EU-established Master's in European Studies curriculum. Hence, the workshop outcomes will be synergized for the two programme purposes, leading to the appreciation of the standards of the quality of the higher education as authorized by the Georgian state regulations within the frames of the Bologna process.
